New Record for Coal Snipments Established Last Week.

OVER HUNDRED THOUSAND TONS

Shipments For May at 330,000 Tons-German Steamer Here For Cargo-Marine Notes.

All weekly records in coal shipments at this port were smashed the week ending yesterday with a total output, in round figures or 100,000, which carried the total amount of "black diamonds" dumped on vessels here this month slightly past the 300,000 mark.

It was stated at the coal piers yesterday afternoon that the daily rec ord of 22,007 tons, made on April 30, his year, would be smashed yesterday, but as the record of the out put yesterday will not be completed until this morning it was impossible to ascertain whether or not a new daily record was established.

Up to noon yesterday nearly 12,-000 tons of coal had been dumped in to vessels and the rush at the piers continued throughout the afternoon and last night so it is very likely the daily record was broken.

There is now but little doubt, but that a new monthly record in coal shipments will be established this month as already 300,000 tons of "black diamonds" have been dumped and there yet remains five days in the month in which shipments can be made. The largest single monthly shipment in the port's history was made in May, 1905, when 310,097 tons were shipped.

Conservative estimates place the total shipments for the month as 330,000 tons, while some claim that it will be nearly 350,000 tons.

For the past four months the coal shipments have been unusually large and from present indications this will be the banner year in the history of Newport News for the output of coal,

Played Gilt-Edged Ball, With First Baseman Davis on the Slab-Foley Scored Only Two Runs For the

In a seven session travesty on the National game, the Shipbuilders ad ministered a drubbing to a bunch of ball players from Crittenden, a small village located across James river, a the Casino Park yesterday afternoor to the strains of 21 to 2. As one or the six hundred enthusiastic fanatics in attendance expressed it, the match was "a regular circus," in which the visitors did the clown act and the locals the clever acting.

The most annising part of the entire game was that Robert Foley a Shipbuilder, who "filled in" for the visitors' team scored both of their tallies for them

The Shipbuilders played by far the best game they have put up this season. Davis was seen on the slat for the first time and he had the visitors guessing all the time. Carwork and all of the fielders played excellent ball. The feature of the handed stop of a hot liner by John

The match was played for the benefit of "Washington Square" and the Merchants' Association realized a handsome sum from it. The local players gave their services free and the Crittenden players would accept only their actual expenses,
